

## Greenville County Bird Club Trip Report

- Date:** August 26, 2006
- Location:** Jackson Park, Hendersonville NC
- Comments:** Seventeen members of the GCBC enjoyed a very pleasant morning of birding at Jackson Park and Hooper Lane, at Hendersonville, NC. Afterwards, most of us dined at a very good Mexican restaurant. Overall it was a slow day for fall migrants as we managed only six species of warblers and not much else. According to my list we saw thirty six species at the two locations... JB Hines
