Greenville County Bird Club Trip Report

Date: Saturday, March 17, 2014

Location: Lake Conestee Nature Park and Gunter Road, Greenville County, SC

Leader: Paul Serridge

List &

Narrative: Paul Serridge

Duration: Lake Conestee 7:00 A.M. - 12.20 P.M.

Gunter Road 1:45 P.M. - 2.30 P.M.

Species Total: 62 at LC and 19 at Gunter Road for a total of 66 species

Twelve GCBC members participated in a very productive outing in good weather – cool at the start, warm when we finished.

The East Bay looked rather misty and so we immediately carpooled to the Spanco trailhead and started there. The recently reported Western and Semipalmated Sandpipers were no longer in the South Bay but we were able to get good looks at 3 Least Sandpipers and a Semipalmated Plover.

Two Prothonotary Warblers were heard singing on opposite sides of the trailhead and one of them was seen near the first boardwalk. The morning had begun well, and so it continued.

Further along the trail a pair of Blue-winged Teal was seen lifting off the marsh and we later saw them from the West Bay observation deck as they sat on a fallen log. This was a late date for that species.

Soon after hearing a singing Baltimore Oriole near the Blue Heron boardwalk the bird was seen well by 3 or 4 of the party. It flew overhead and a couple of minutes later a male Orchard Oriole showed up.

A little further along the trail we all had excellent looks at a singing male Blackburnian Warbler, a very brightly colored bird. This was only the second spring migration record for this species at Conestee.

A bird that is more often heard than seen, a Yellow-billed Cuckoo, was observed shortly before the end of the walk and brought the morning's list to a very satisfactory 62 species.

A few of us went to the Old Mill Café near Spanco Drive for lunch and then 5 of us birded Gunter Road near Piedmont looking for the Scissor-tailed Flycatchers.

A search for those birds is always a bit hit and miss, and today we missed! However, we had excellent looks at two singing Grasshopper Sparrows, a lifer for one of our members.

Also, we found a Killdeer sitting on a nest just under the barbed wire fence near the utility pole where the flycatchers had nested in the past. We were alerted to the presence of the nest when its mate tried to distract us by calling loudly and doing its broken wing display. It came to within 6 feet of us when it decided we were too close to the nest. Had the bird kept quiet we would never have seen the nest.

Later I learned (via the eBird daily SC Rare Bird Alert) that KCBC member, Linda Montgomery, had seen the male Scissor-tailed Flycatcher later in the afternoon. We had been there at the wrong time, but that's birding!

Despite missing the Scissor-tails it had been a very satisfactory day.

Species:

Conestee: 62 species

Canada Goose	22	Northern Mockingbird	3
Wood Duck	15	European Starling	40
Mallard	3	Cedar Waxwing	35
Blue-winged Teal	2	Prothonotary Warbler	2
Great Blue Heron	9	Common Yellowthroat	4
Turkey Vulture	1	Northern Parula	5
Red-shouldered Hawk	2	Blackburnian Warbler	1
Semipalmated Plover	1	Pine Warbler	1
Killdeer	3	Eastern Towhee	3
Least Sandpiper	3	Chipping Sparrow	1
Mourning Dove	2	Field Sparrow	1
Yellow-billed Cuckoo	1	Northern Cardinal	8
Chimney Swift	16	Blue Grosbeak	2
Belted Kingfisher	1	Indigo Bunting	2
Red-headed Woodpecker	1	Red-winged Blackbird	12
Red-bellied Woodpecker	4	Common Grackle	6
Downy Woodpecker	3	Brown-headed Cowbird	6
Northern Flicker	1	Orchard Oriole	2
Pileated Woodpecker	1	Baltimore Oriole	1
Eastern Wood-Pewee	1	House Finch	1
Acadian Flycatcher	1	American Goldfinch	2
E t Dl l -	4		
Eastern Phoebe	4		
Great Crested Flycatcher	3	Gunter Road: 19 specie	es
		Gunter Road: 19 specie	es
